Provision of Traffic Marshalls

We ask that each float entered in the Parade provides **ONE** traffic marshall to help facilitate the huge task of road closures etc required for the Parade. We value our volunteers immensely and will do our best to accommodate any requests to be positioned at particular points along the Parade route. If you're looking for the best seat in the house to watch the Parade go by, this is it!

Traffic marshals require training by SA Police and, if they haven't previously completed this training, will need to be available to attend one of the training sessions prior to the Parade (in April). *If you have previously undertaken this training, you do not need to do so again.* Please let us know if you/your representative are a trained traffic marshal in the relevant section of the registration form.
